Please do not redistribute this pattern, link to my Ravelry or Instagram account instead. Make as many Docker Whale as you like for yourself or friends, but please do not sell them. Thank you~

I made the Docker Whale based on the photos below. I also make the grey armor for it. However I don't have the pattern for the armor, I just made several parts, try again and again to see if it fit the whale and then sew them together.

Materials

Yarns:

- Blue: for body and containers (you can use different shade of blue for the body and containers)
- White: mouth and eyes
- Black: eyes and mouth

You only need a small amount of white and black yarns. Yarn weight is not important, but please choose the hook accordingly. I used Catona cotton from Scheepjes (which is 25 gram - 62.5 m) with a 2.5 mm hook. The end product is around 10*8*6 cm big.

For stuffing:

- You can use polyfill or any other type of filling you like.

Abbreviations

Rnd = round

ch = chain

st = stitch

ss = slip stitch

sc = single crochet

hdc = half double crochet

dc = double crochet

dec = decrease by sc 2 together

inc = increase by sc 2 in one st

‘...’ = the part you need to repeat

Pattern

Body - Part I

With blue yarn, start with the top part of the whale

Rnd 01: start with 6 sc in magic ring. (6)

Rnd 02: 'inc', repeat * 6. (12)

Rnd 18: dec, ch 1 and turn. (1)

Rnd 19: inc, ch 1 and turn. (2)

Rnd 20: inc, inc, ch 1 and turn. (4)

Rnd 21: ch 2, dc in the first st, ch 2 and sl in the same st; sl in the next 2 st; sl, dc, ch 2 and sl in the last st; ch 1 and turn.

Rnd 22: sc and hdc in the chain from previous round; dc in the next st (from dc in the previous round); hdc and sc in chain; dec (the 2 sl from the previous round); sc and hdc in the chain from previous round; dc in the next st (from dc in the previous round); hdc and sc in chain.

Rnd 23: then you need to sc around the whole body (red part in the photo below), then fasten off and leaving a long tail for sew.

Then sew these two parts together and don't forget to stuff the filling in the body~

Mouth

Start with white yarn, basically first you need to make a square

Rnd 01: start with 4 sc in magic ring. (4)

Rnd 02: '3 sc into each st', repeat * 4. (12)

Rnd 03: sc, '3 sc in next st, sc in next 2 st', repeat * 3; 3 sc in next st, sc. (20)

Rnd 04: sc in next 2 st, '3 sc in next st, sc in next 4 st', repeat * 3; 3 sc in next st, sc in next 2 st. (28)

Rnd 05: sc in next 3 st, '3 sc in next st, sc in next 6 st', repeat * 3; 3 sc in next st, sc in next 3 st. (36)

Rnd 06: sc in next 4 st; hdc, dc and hdc in next st; sc in next 17 st; hdc, dc and hdc in next st; sc in next 13 st, sl; then fasten off and leaving a long tail for sew.

With black yarn

sl in the top 19 st, creat the edge of the mouth

Then sew the mouth on the bottom of the body

Eyes

Rnd 01: *Start with back yarn* , create a magic ring, 6 sc in the magic ring; *change to white yarn* , 1 sc in the magic ring (7)

continue with white yarn, crochet in the back loop only

Rnd 02: sl in the back loop of each st (7), fasten off and leaving a long tail for sew.

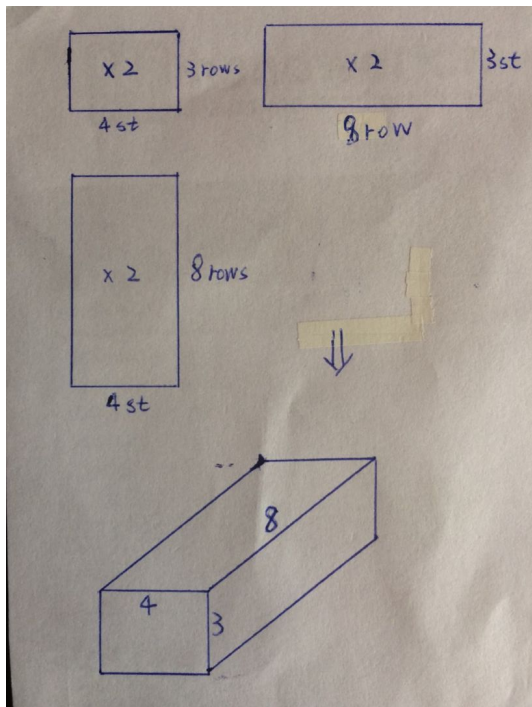

Then sew the eye on both sides of the body

Containers

I used Tunisian crochet (also called Afghan crochet) technique, because for me the end result form Tunisian crochet is tidier than the normal crochet. But you can use the normal crochet. Just crochet the same number of rows and the stitches per row.

If you want to learn how to do Tunisian crochet, watch the [youtube video](#) . (you do need a special hook for it)

Each container has six sides, crochet the six parts and then sew them together:

Then you get a 4*3*8 container!

I made three big size containers, you can make any size and as many as you want (as long

as there are enough room for them on the back of the whale ^.^)

Sew the containers together, and then sew them on the back of the whale.

Now you have your own Docker whale!
